Watch Giveaways

When you mint a Timeless Ape, you automatically get a chance to win the watches as described in the roadmap according to the sequence of the Timeless Ape you minted.

The raffle details are as follow:

1. If you minted any of the first 1000 Timeless Apes, you automatically get a chance to win a Tudor Blackbay/Pelagos.
2. If you minted any of the first 2222 Timeless Apes, you automatically get a chance to win a Rolex Datejust for the 25% milestone giveaway.
3. If you minted any of the first 4444 Timeless Apes, you automatically get a chance to win a Rolex Datejust for the 50% milestone giveaway.
4. If you minted any of the first 6666 Timeless Apes, you automatically get a chance to win either a Rolex Daytona OR a Rolex Submariner for the 75% milestone giveaway.
5. If you minted any of the 8888 Timeless Apes, you automatically get a chance to win a Patek Phillippe Nautilus for the 100% milestone giveaway.

For raffle (1), (2), (3), (4), once you win any of the watches from one of these giveaways, you are not entitled to be entered into the raffle of any of the subsequent giveaways in the list. However, everyone will be eligible for the final giveaway of the Patek Phillippe Nautilus regardless if the person has won a watch or otherwise.

For Tudor Blackbay/Pelagos, Rolex Datejust, and Rolex Submariners, the winners can choose between the listed watches or US dollars equivalent of ETH at the prices where the Timeless Ape Team can acquire the watches in the market. However, for Rolex Daytona and Patek Phillippe Nautilus, only US-based winners can choose to receive the watches due to the logistical challenge in sending a high-value watch. All watches other than the Rolex Daytona and the Patek Phillippe Nautilus will be sent if buyers choose to receive the watch over the ETH amount equivalent. For the Rolex Daytona and the Patek Phillippe Nautilus, winners will need to travel to a city selected within the US by the team to collect in-person. If the winners are unable to travel down, they will be paid with ETH amount equivalent. Winners of Rolex Daytona and Patek Phillippe Nautilus based in non-US countries will only receive the US dollar equivalent of ETH.

The winners of each giveaway will be decided by a draw that the Timeless Ape Club will make within 48 to 72 hours after the specific milestone is reached. The purchase and shipping of the watches will be done within 30 days of the respective raffle. The sending of the equivalent US dollars in ETH will be done within 48 hours of the respective raffle.

Depending on the region of the winner, logistical, and other factors, we reserve the right to pay the raffle prize in ETH and not buy and send watches to the winners . The winners of the raffle will need to give the Timeless Ape team his or her Metamask wallet address in order for us to make the payment.
